Company Profile

#fabersurfacecare

About us

1986 - WHEN IT ALL BEGAN

-

Faber was founded in Fabriano in 1986 and since then has established a central role in the **chemical field for the production of industrial and professional solutions for surface treatment.**

#fabersurfacecare

Faber today

OUR QUALITY IS ALL AROUND THE GLOBE

-

Our forcefulness has guided us to an ever-increasing presence in the market everywhere in the world

Today **Faber - Tile & Stone Care** is a synonym for quality

Every day, companies, professional applicators, and end-users choose Faber to maintain surfaces made of porcelain, marble, natural stone, agglomerates, quartz, concrete, and more.

Mission & Vision

OUR VERY OWN “LEADERSHIP”

-

Each Faber solution has been formulated with the highest performances at heart.

Our **focus** is for our customer to get to experience us as a company from the before and after sale technical assistance, to the excellence of the formulas.

Our Key Words are

- **INNOVATION**
- **QUALITY**
- **COOPERATION**

R&D

Research is one of the pillar of our company's reality.

We invest constantly to ensure that each formula satisfies our **highest standards** in terms of **quality and performance**

The close cooperation between the R&D dpt. and our partners has been the fuel that brought to light some of our most unique and iconic solutions.
